INSTRUCTIONS FOR THE PREPARATION OF THE BUDGET ESTIMATES FOR 1906-07.

The rules in regard to the preparation of the Budget Estimates are contained in Part I, Chapter II, of the Financial Rules prescribed by Government in their Order No. Fl. 1150-1192—18-1901-1902, dated 7th February 1903, and in Articles 154 and 155, C. A. C., Vol. I.

2. Attention is also invited to para 14 of Government Order No. 849-88—G. Fl. 73-04-2, dated 13th August 1904.

3. Receipts and charges should be prepared on separate forms. Similarly each *Major head* should be prepared on separate forms.

4. Explanations for variations in figures should be furnished, opposite the entry concerned, on the blank pages of the estimate.

5. In the case of variations which are based on an Order of Government, the number and date *as well as the purport* of the Order should be specified.

6. In the case of both *salaries* and *establishments* the column of numbers should be carefully checked. The rate of pay should be entered *within* parenthesis, the number in each rate being shown *without* as follows :—3 (500), 7 (400), etc., but where there is only one officer on each rate of pay, the number (1) need not be specified, thus "Clerks (75), (50), (30)."

7. When it is found by experience that a saving will arise from absence or other cause, a lump deduction should be made only in the case of *salaries* and *establishments*, the provision for *contingencies* being limited to actual requirements. (*Vide* para 11 of Government Order No. 849-88—G. Fl. 73-04-2, dated 13th August 1904.)

8. The establishments of different classes should be shown separately. Clerks should always be distinguished from servants. Wherever the scale of establishment is not shown in the printed form for want of information, it should now be supplied.

9. The provision for *temporary* establishments should be quite distinct from that for *permanent* establishments, details of the nature and rate of pay being given. The periods for which the former may have to be retained should also be specified within parenthesis.

10. The statement required by Rule 10 Part I, Chapter II, of the Financial Rules for progressive salaries, should be in the following form :—

Name of office	Name of post	Pay			Date of last increment	Actual pay on 1st July 1906	Remarks
		Minimum	Rate of increase	Maximum			

11. Whenever establishments pertaining to more than one office are included under one and the same head, officewar details, in exactly the same form as the printed Budget Estimates, should be furnished in manuscript.

N. G. BASU,
Comptroller.

EXPLANATORY NOTES AND REMARKS.

(1) More cattle remain yet to be sold next year & so Rs 3000/- has been added to the last year's estimate

(2) The receipts under this head depend upon the number deaths.

5 & 6) These are fluctuating items. Rs 400/- have been estimated less than last year

Sir,

With reference to your letter No 5556 dated 25th June 1906 I have the honor to inform you that the Govt Order of the 18th December 1905 referred to in your letter deals with the additional grants sanctioned in connection with the Royal Visit. I enclose herein an extract for the same so far as it relates to the purchase of ponies.

2. The number of ponies purchased at Bombay on this occasion was 71.

3. Government have sanctioned an annual grant of Rs 12000/- for replacing the ponies- vide item No 10 of the Transport Budget for the current year. In previous budgets it was included under "Feed & Keep" as Charges on pony replacement at Rs 1-0-0 per pony per mensem. But Govt having directed that a separate head should not be opened for Transport Pony Replacement, the above sum has to be budgetted for separately.

4. On a careful inspection of the Transport ponies I found a very large number unfit for the heavy work required to be done during the Royal Visit and ordered them to be cast and sold by auction. As many as 71 animals had therefore to be purchased to replace the above casualties and the extra cost drawn as an advance against the Budget grant(of Rs 12600/-) for 1906-07. Only Rs 7008 of the above sum was spent in excess of the grant for 1905-06. I have therefore asked Government to permit me to provide for the balance Rs

I have the honor to acknowledge receipt of your letter No Fl 3939/G1 Fin 144-06-2 of the 29th November 1906 and to inform you that the charges referred to except tour charges were met during my Command of the Transport Corps from the grant provided on account of the keep of Transport ponies. I did not therefore think it necessary to provide separately for those charges in the Buaget for 1906-07.

I must however point out that [redacted] a large number of Ponies having been lent out on hire helped me to meet the above charges from the amount saved in their keep viz Rs 15/- per pony per month. But as the ponies are now no longer lent out on hire the Chief Commandant has not the same facilitie as I had and asks therefore that separate provision should be made for the following charges.

Hospital medicines
Veterinary --"----
Contingent charges
Miscellaneous--"---

This which I think in the circumstances should be allowed.

" As regards Travelling allowances and Tour charges "

This is a new charge for which I saw no necessity to make

Sir,

With reference to the correspondence ending with
r letter No.2215 dated the 5th December 1906, regarding an

uest you to be so good as to furnish information on the fol-
ing points:-

(1) In reply to your letter No.933 dated the 3rd September 1906, the Chief Commandant stated in his letter No. 1517 dated the 5th November 1906 that items Nos 2 to 5 could not be provided for by re-appropriation, implying thereby that item No.1 viz, ' Hospital medicine ' could be so provided. It is not therefore clear why funds for this item also are asked for in your last letter on the subject.

(2) If, as pointed out to the Chief Commandant in your letter No.933 dated the 3rd September 1906, the rate of Rs 15 per mensem fixed for the keep of a pony includes ~~as~~ annas 8 for

G.P.B.—5,000—3-5-06

for medicines, the need for a separate provision on account of Veterinary medicine is not clear.

(3) On account of contingent & miscellaneous expenses a sum of Rs 600 is asked for. Whether the small sum of Rs 100 for contingencies cannot be met from some other source and what specific charges apart from contingencies are intended to be met from the provision for " miscellaneous or other charges " may kindly be stated.

(4) In the last para of your letter dated the 5th December 1906 it is stated that " Travelling allowances and tour charges" is a new item for which you found no necessity to make any provision in the Budget during the time you held command. The circumstances under which the need for the new expenditure has been felt may kindly be stated.

Enclosure No. one

Sir,

With reference to Proceedings of Government No: R. 9356-7 Ft. 71-06-4 dated 18th April 1907, raising the Budget grant for repairing tanks and sinking wells in Amrit Mahal Kaval from Rs. 260 to Rs. 800/. as a temporary measure, I have the honour to report that during the year 1907-1908 only two small tanks were repaired and 8 wells were sunk for watering Government cattle at a total cost of Rs. 246 as shown in the enclosed statement.

It was not possible to have a few more tanks repaired as the estimates for restoring them were not ready and hence the

the unexpended balance under this head lapsed to Government at the end of June 1908.

The Chief Engineer has been requested to have projects and estimates prepared for the restoration of Arasimboot tank in Punguri Penal Hotel Kare Salai. The Executive Engineer Nari Kanal Division has been addressed regarding the repairs to Kesiappana Katte in Singapur Kanal. The work connected with the repairs of these tanks will be commenced as soon as estimates are received.

As there are other small tanks requiring repairs I beg that sanction of Government may be obtained to make the present increased grant of Rs 2000/- permanent.
